"WHY DID THEY LET HER GO?"

THE R.101 DISASTER.

BEDFORD NEWSPAPER'S REMARKABLE INDICTMENT.

GRAPHIC STORY OF THE MAN IN CONTROL WHEN THE CRASH CAME.

An amazing allegation that R101 was dipping at the nose when she began her ill-fated voyage was made in a leading article in the Bedford Record on October 6. The article says:—

Fears Confirmed.

"A perusal of the first accounts of the disaster that overwhelmed our great airship—Bedford's and Cardington's before anybody else—confirms, in cruel fashion, the worst forebodings of many who watched with anxious interest the all too rapid execution of her alterations and the preparations afterwards for her flight.

"Let there be no mistake about this. The one point that struck the casual and ignorant observer when R101 returned from her one inadequate test was the dip at the nose:—

"Next as to Saturday night. The one thing then that struck the man in the street again was that she seemed slow in the uptake. There was none of the apparent lightness and freedom that had characterised

her sister ship, or herself in her original position, and the night was of the murkiest.

"That Spelt Danger."

"She flew low over the treetops, and the insufficiency of her altitude appeared to have been a notable feature as she passed over London.

"Why did they let her go? They knew she was dipping at the nose, and they knew, as the man in the street did not know, that that spelt danger. They knew that she had not been tested properly.

"Up to a few days before, it hardly seems longer than that, the coast had been that the construction of R101 should not be hurried; she was an experimental ship; time was of no consequence, and nothing was to be left to chance.

Step by step the groundwork was to be tested and consolidated. The policy of both construction and design was safety first. Yet with all their care, with all their preparations, with all their foresight—was it that something failed them at the critical moment.

"Bedford's indictment in a word is this—and harsh it may seem and unsympathetic, and even hasty, but it cannot be made too soon or too emphatically—that the disaster, that filled the countryside with grief and horror need not have happened and ought not to have happened."

Mr. H. J. Leech, foreman engineer, Royal Airship Works, who acted as second pilot, was at his post in the control cabin when the disaster happened to R101.

He was taken by surprise by a sudden dip of the airship and the explosion which followed its collision with the hillside. We reproduce his account of what happened in his own words:—

"Just before we reached Beauvais," he said, "we ran into a tremendous storm. Wind and rain whirled round the cabin and made the entire structure quiver. Confident in the solidity of the R101, I continued to keep the ship towards Paris.

"Just over Beauvais I felt the front end drop—a danger signal. "We went on slowly, feeling our way as it were, but steadily.

THE SILVER SCREEN.

"WIDE OPEN SPACES"
AT THE QUEEN'S.

Once in a while we get a view on the screen that is not composed of canvas and cardboard, plus a little paint. Such a picture is that now showing at the Queen's Theatre, "Montana Moon," all about cowpunchers--and Joan Crawford. Some of these cowboys have rough necks but sweet voices!

The story concerns a high-spirited girl who falls in love with a cowboy and marries him, but subsequently wants to go back to the gin-and-jazz life to which she is more accustomed. Her husband resolves to deal with her on "Taming of the Shrew" lines, and after a little "cave-man" business makes a plan to hold up the train on which his angry spouse is returning to New York. He kidnaps his wife who,

when she discovers how she has been fooled, realises what a good fellow her rough-diamond husband really is, and it is presumed they live happily ever after.

Most of the action of "Montana Moon" takes place out in the open, and some very picturesque back-grounds were chosen for the production. Miss Crawford gives a very realistic study of the difficult part for which she is cast, and is well supported by a strong company in which John Mack Brown and the lanky but always amusing Karl Dane figures.

The star picture is preceded by a Charlie Chase comedy, "Real McCoy," and the usual news bulletin.

"Cuckoos."

What is comedy? Webster's definition reads:—"A joyful festivity with music and dancing. A phase of drama depicting scenes of an amusing and cheerful nature." A shorter manner of defining "comedy" would be to see "The Cuckoos," the all-talking, singing, musical show now at the Central Theatre.

Bert Wheeler and Robert Woolsey, imitable clowns of "Rio Rita" fame, are principal reasons why "The Cuckoos" is "joyful festivity." June Clyde and Hugh Trevor with 100 trained singers and dancers are the featured entertainers along the musical and dancing line.

Stage technicians have always claimed that comedy was an elusive factor and particularly hard to bring out in the screen. Special "gag" men are usually employed to insure the success of the embryo comedy. But Wheeler and Woolsey refused to have an assistant when filming "The Cuckoos." Every "gag" used by them in the picture is original. They have worked together so long that they know beforehand whether their jokes will register successfully with the audience.

More musical comedies of the screen have featured the singing and dancing numbers, but "The Cuckoos" reverses the ordinary routine, and features the comedy.

The picture was "made for laughs" and, according to those who have seen it, the show hits its mark. "The Cuckoos" is comedy of the broadest type. It makes no pretense at subtlety, for Wheeler and Woolsey are decidedly comedians of the "slap stick" variety. They are aided in no small degree by Dorothy Lee, who scored so sensationally with them in "Rio Rita," and Jobyna Howland, a new comer in the Broadway musical comedies.

"Bishop Murder Case."

Queer and unusual "props" furnish unexpected clues in the very bizarre "Bishop Murder Case" which M. G. M. will present at the Queen's Theatre on Thursday. The author, S. S. Van Dine, has woven arrows, chessmen and snoring notes written in "Mother Goose" rhyme as the warp and woof of his latest thriller. Nick Grindle and David Burton directed the production. Basil Rathbone plays Phil Vance, the scientific detective. Other players include Leila Hyams, Clarence Geldert, Roland Young, James Donlan, Zella Sears, Charles Quartermaine, Alec B. Francis, Carroll Nye, Sydney Bracey and Nellie Bly Baker.

"The Love Parade."

By actual count, 190 adjectives, adverbs and qualifying phrases were used by the New York critics in describing Paramount's original musical romance, "The Love Parade" when the picture opened at the Criterion Theatre on Broadway, New York.

The manager of the Criterion, made a careful analysis of all the reviews in some twenty dailies and trade journals, and compiled a list of all the descriptive words used in painting the word-pictures of this show. Many of the words were used several times, he found; for instance, "delightful" tops the list. It was employed eight times.

"Sophisticated" was used seven times, and "charming" six times. The words that were used three times were fascinating, excellent, rich, continental, superb, irresistible, gorgeous, captivating, amusing, infectious, intelligent and satirical.

"The Love Parade" starring Maurice Chevalier and Jeanette MacDonald, will have its final showings to-day at the Majestic Theatre, Kowloon. It may safely be said that the more you see and hear "The Love Parade" the more you will like it.

FROM APPRENTICE TO SPECIALIST.

STRANGE CAREER OF GERMAN PAPYRUS EXPERT.

Berlin, October 20.—The appointment of Dr. Ischer as chief of the Papyrus department of the Berlin state museums has given the Press an opportunity to reveal the very strange career of this new internationally recognized authority on questions connected with papyrus documents who two years ago was even called to Rome by His Holiness the Pope to undertake some very difficult work with important documents in the Vatican's library. Dr. Ischer started his career in 1891 as a bookbinding apprentice who had to paste up papyrus documents in which he became so interested that by using every free moment for studying what he had pasted together, he became in the course of time one of the very few authorities in this special field of science.

The Solution.

"Where then does the solution lie? It would seem to lie in dismantling the theistic edifice which will no longer bear the weight of the universe as enlarged by recent science, and attempting to find new outlets for the religious spirit. It is obvious that with the abandonment of the idea of God as a single independent power with a nature (Continued at foot of next column.)

"Do people want a new religion or at any rate the only kind of new religion which we would willingly accept—namely, one with a scientific basis and outlook? Men and women are deserting the religions which have a God. Will they want a new one without a God? I believe that many would."

LAWN BOWLS SEASON ENDS.

KOWLOON DOCK BEAT CRAIGENGOWER IN SPEY ROYAL CUP FINAL.

OPEN SINGLES CHAMPIONS WON BY BOWLING GREEN CLUB PLAYER.

Lawn Bowls competitions during the season came to a close on Saturday on the Kowloon C.C. ground when the finals of the Spey Royal Cup and Open Singles Championship were completed in the presence of a large gathering.

Kowloon Dock gained the distinction of winning the Spey Royal trophy for the first time by defeating Craigengower 25 shots to 14. A. M. Holland (Kowloon Bowling Green Club) inscribed his name in the list of Colony champions by defeating R. F. Luz (Club de Recreo) 21 shots to 14. U. M. Omar (Craigengower) and J. Ferguson (Taikoo), both past champions, played for the third and fourth prizes in the singles competition, the former winning 21 shots to 18.

SPEY ROYAL CUP FINAL.

Kowloon Dock v. Craigengower.

Craigengower were favourites for the trophy, but Kowloon Dock upset popular fancy by a victory which they thoroughly deserved on their more consistent display. The only time that Craigengower had the lead was in the fourth head, but the Dock scored five shots in the next head to take the lead and retain it to the end. As a team the Dock outfit was superior in every way, Cullen being the outstanding player on the green.

Teams and detailed scores were as under:—

OPEN CHAMPIONSHIP.

A. M. Holland v. R. F. Luz.

While the meeting between Holland and Luz provided the best play hitherto seen in a final championship game, there was an absence of the thrills provided in the earlier games. The Championship holder did not play up to his usual form, and even on the short head tactics which he adopted he was more often beaten by his opponent. Holland varied his green from medium to long ones, particularly from the matched end, and was invariably the better player.

Fortunes wavered in the early part of the game. Holland had the lead and then lost it to see Luz with an advantage of 9-4. However, by steady play, he made the scores level and again got into the lead. With the score 18-10 in his favour, it looked as if Holland would run away with the game, but his opponent prolonged the game somewhat in a great but fruitless effort to save the situation.

Holland started off with a three, and he had a couple in the next head when Luz drew for the shot. The latter again gave an indication of his abilities by cutting out Holland's wood to claim two shots in the 6th head. Holland drove effectively in the 10th head to count three shots, but his opponent saved one.

In the 13th head a serious position was averted by Luz drawing for the shot with his last wood, but in the three subsequent heads Holland beat him to increase his lead to 18-10. The 17th head provided a thrill. Holland had second shot when Luz delivered one on the forehead to cut out the second wood and turn in a three. Luz then drew for the shot, carrying another wood with it to claim three shots.

Holland retaliated by carrying the jack for two shots to lead 20-13. In the 20th head Luz had the shot, but he made a mistake with his last wood which moved the jack to give Holland the shot and game while he had a wood to spare.

Detailed Scores.

The following were the scores in details:—

	Holland.	Luz.

2. 2	3	1

The championship has not been won by any one player twice as will be seen from the list of previous winners:—

1926. A. Gourlay.
1927. R. Lapsley.
1928. J. Ferguson.
1929. R. F. Luz.

Ferguson v. Omar.

A lively game ensued between Ferguson and Omar (who were beaten by Holland and Luz respectively in the semi-finals) for the third and fourth prizes in the competition. It was more interesting than the championship match with the lead changing hands continually by a margin of one or two shots. Omar was leading 17-16 at the end of the 10th head and finished the game in the next two heads with a three and one. Scores in detail were as under:—

President's Congratulations.

Prior to the distribution of prizes by Mrs. Wylie, which included the senior division shield (won outright) and plaque to Craigengower C.C. and the junior division shield and plaque to Civil Service C.C., Mr. B. Wylie, as President of the Association, commented on the successful conclusion of the competitions during the season. He extended his congratulations to the League winners, to Kowloon Dock for winning the Spey Royal Cup, and to A. M. Holland for winning the Colony championship, at the same time paying a tribute to the capabilities of Luz, who, he remarked, was undoubtedly the best bowler in the Colony.

Thanks were expressed to Messrs. A. S. Watson & Co., Ltd., donors of the Spey Royal trophy and miniature cups, and the speaker also thanked the gathering for contributing \$103 during the afternoon in aid of St. Dunstan's Home which, together with \$171.53, collected on the occasion of the Aitkenhead Shield game, gave a total of \$274.53.

TIGHTENING UP
THE LAW.MUSIC AND NOISES
REGULATIONS.CHANGES IN SUMMARY
OFFENCES ORDINANCE.

The *Government Gazette* contains the draft of an Ordinance to Amend the Summary Offences Ordinance, 1925. In various directions many changes are to be made, some of which are as follows:—

To Paragraph 13 of Section 3 of the principal Ordinance, which renders offenders liable to a fine not exceeding \$250, there are added the following paragraphs:—

(13A.) kindles, discharges, or lets off any firework without the permission of the Secretary for Chinese Affairs, or a District Officer; unless it be in accordance with permission given by the Governor signified by a Notification published in the *Gazette*.

(13B.) in any public street or road plays any musical instrument, or beats any drum or gong without the permission of the Secretary for Chinese Affairs, or a District Officer; unless it be in accordance with permission given by the Governor signified by a Notification published in the *Gazette*. This paragraph is not to apply to music reasonably performed in connexion with funerals or marriages, or to music performed in connexion with their duties by members of the naval, military, volunteer, police or police reserve forces.

Processions.

(13C.) in any public street or road organizes, equips or takes part in any procession without the permission of the Secretary for Chinese Affairs or a District Officer; unless it be in accordance with permission given by the Governor signified by a Notification published in the *Gazette*. This paragraph is not to apply to funeral or marriage processions or to processions undertaken in connexion with their duties by members of the naval, military, volunteer, police or police reserve forces or of the Boy Scouts or (Girl) Guides Organizations. Provided always that every procession shall conform to the regulation of traffic by any police officer on duty.

(13D.) in any public street, road or place posts up or exhibits, or causes to be posted up or exhibited any notice or proclamation in the Chinese language without the permission of the Secretary for Chinese Affairs. This paragraph is not to apply to Government Notices.

(13E.) organizes or takes part in any public meeting, not being a meeting solely for religious worship, held without the permission of the Inspector General of Police.

Clause 3 of the principal Ordinance is repealed. This required householders to affix to their houses, and keep lighted at night, lamps or lanterns of an approved pattern.

"Moderately Quiet" Music.

A proviso is added to Section 13 of the principal Ordinance which makes it an offence to make any noise between sunset and 6 o'clock the following morning which is calculated to interfere with public tranquility or annoy any person. The provision reads:—

"Provided always that in the case of funerals and marriages it shall be lawful to play ceremonial music of a moderately quiet character from which the reedpipes, cymbals and other specially noisy instruments are excluded. But in no case shall such music be played between the hours of midnight and 6 a.m."

The clause also makes Section 13 applicable to all districts and areas not specially exempted by the Governor-in-Council.

Clause 6 amends Section 23, which deals with riotous behaviour provoking breaches of the peace, by making it clear that inflammatory speeches are within the mischief contemplated by the section. This is done by inserting the words "or who makes any speech tending directly or indirectly whether by inference, suggestion, allusion, metaphor, implication or otherwise to encourage or incite any person to interfere with the maintenance of law and order."

ORDINANCES TO BE
REPEALED.PEAK RESERVATION LAW
INCLUDED.

The draft of "an Ordinance for promoting the revision of the Ordinances of Hong Kong by repeal of Ordinances and other enactments which are spent and no longer required and by the correction of errors, is contained in the *Government Gazette*.

The following Ordinances are to be repealed:—

The Chinese Persons (Civil Proceedings) Ordinance, 1931.

The Regulation of Chinese Ordinance, 1930.

The Chinese Immigration Ordinance, 1929.

The Peak District Reservation Ordinance, 1901.

The Aircraft Ordinance, 1912.

The Stocks Ordinance, 1921.

According to the Objects and Reasons:—It has been the practice in the past from time to time to collect, in a Law Revision Ordinance, lists of Ordinances, the provisions of which are regarded as spent; either because these provisions have been replaced by other like provisions in other Ordinances or because they are no longer applicable to local conditions.

Arrest of Loiterers.

Class 8 substitutes a new Section for Section 26, which dealt with the arrest of loose idle and disorderly persons disturbing the public peace or found loitering at night and suspected of having committed offences; but which did not appear to create any specific offence.

The new section provides that "Any person who is found between sunset and 6 a.m. loitering in any highway, road or other place and who cannot give a satisfactory account of himself shall be liable to a fine not exceeding two hundred and fifty dollars or to imprisonment for any term not exceeding three months."

The principal Ordinance is amended by the addition of the following new Section,

52.—(1) The Governor in Council may make regulations for the issue of permits under section 3, for the dressing of stone under section 4, for the control of noises under sections 12 and 13, and generally for the better carrying out of the provisions of this Ordinance.

(2) All regulations made under this Ordinance shall be laid on the table of the Legislative Council at the first meeting thereof held after the publication in the *Gazette* of the making of such regulations, and if a resolution is passed at the first meeting of the Legislative Council held after such regulations have been laid on the table of the said Council resolving that any such regulation shall be rescinded or amended in any manner whatsoever, the said regulation shall, without prejudice to anything done hereunder, be deemed to be rescinded or amended, as the date of publication in the *Gazette* of the passing of such resolution.

OPENING CRUISE AT
YACHT CLUB.FAVoured BY SPLENDID
WEATHER.

KEEN ROWING RACES.

There was a large and distinguished gathering at the Royal Hong Kong Yacht Club on Saturday when delightful weather favoured the opening cruise of the Club.

In addition to sailing and rowing races, there were two rinks of lawn bowls and a display of fencing by members of the Hong Kong Fencing Club. Among those present were:—

H.E. the Governor, Sir William Peel, K.B.E., C.M.G., and Lady Peel; Rear-Admiral R. A. S. Hill, C.B.E., R.N., H.E. Major-General J. W. Sandilands, C.B., C.M.G., D.S.O., the Commodore (Mr. E. W. Carpenter), Mr. and Mrs. R. M. Dyer, Mr. H. S. Rouse (Rear-Commodore), Mr. and Mrs. T. H. R. Shaw, the Hon. Mr. C. G. Alabaster, K.C., O.B.E., Mr. G. W. A. Taiton (Private Secretary to H.E. the Governor), Mr. J. D. Danby, Professor Gerrard, M.D., and others.

Fencing Display.

The fencing display, which is certainly a welcome innovation, was very cleverly done. An exhibition with the epee given by Lieut. Anstruther, R.E., and Mr. Locke was of high merit and both exponents were very graceful. A sabre contest between Commander Southby, R.N., and Flying Officer Somerhaugh, R.A.F., was vigorously carried out and was delightful to watch. Messrs. M. Pinget and M. Moynsekenko-Veliki also gave a good exhibition with the foils.

Close finishes marked the sailing throughout the afternoon. The rowing events were keenly contested and much interest was shown by the large number of spectators.

Commodore's Speech.

At the conclusion of the sports, Mr. E. W. Carpenter, the Commodore, addressing the gathering said:—

On behalf of the members of the Yacht Club I have much pleasure in welcoming our visitors to our Opening Cruise.

Speaking at the Closing Cruise last season I said that the results of that season had been more than borne out by the predictions that it would be a successful one.

The auguries for a successful ensuing season are if anything better than they were last year, and I anticipate that by the closing cruise the Club will have a very good and satisfactory season's record behind it. Most of the yachts are now in the water and the first championship race starts on Saturday next.

The Rowing section is going very strong and the Club crews should render a good account of themselves against outside competitors.

We have to thank the members of the Fencing Club for their display this afternoon—it has been very much appreciated and I am sure that we all wish them every success.

With the boxing season coming on I would remind the Naval Authorities concerned that we are always pleased to see their boxers in the gymnasium training for any competition they may have on.

Rear-Admiral Hill.

The members of the Yacht Club very much regret the early departure of Rear-Admiral Hill—since he arrived in the Colony he has been a member of the General Committee and his good fellowship, advice and ready assistance will be very greatly missed.

The various events on the Programme have, thanks to good weather, been satisfactorily carried through.

The Ladies turned up in force and made a good showing in the sailing events and they are to be congratulated on the close finishes in the different classes.

We are glad to see crews from Canton and the V.R.C. competing for the Novices Cup which has been kindly presented to the Club by Mr. F. C. Hall. The event was completed for the first time this afternoon.

I might mention in connection with rowing that on most evenings we have five or six four-oared boats taken out which is very satisfactory. The bowlers have given us their usual spirited and strenuous exhibition of the way lawn bowls should be played and the winning rink is to be congratulated on its hard won victory.

CHINESE RAILWAY
REFORM.PROPOSALS TO BE SUBMITTED
TO PLENARY SESSION.

A proposal calling for drastic reforms in the Government railways has been drafted by Mr. Sun Fo, Minister of Railways, for submission to the forthcoming 4th Plenary Session of the C.E.C. Notable among the measures advocated are the abolition of various additional levies on freight transportation and the readjustment of the outstanding liabilities of the various Government railways.

It is pointed out that the numerous extra levies on goods traffic have not only seriously hampered trade but have also considerably decreased the volume of freight transported and, consequently, the revenue which would otherwise have been derived from such traffic.

Owing to the slump in silver, the total outstanding liabilities of the Railways have now amounted to the huge figure of 1,100 million dollars, the total value of the railway properties being only 1,000 millions. Unless a thorough reorganization is carried out, the Government Railways will be faced with bankruptcy, Minister Sun states.

NANKING-BERLIN AIR
SERVICE.SHIPMENT OF PLANES DUE IN
JANUARY.

A shipment of aeroplanes destined for the inauguration of the new Nanking-Berlin air mail and passenger service operated by the "Euro-Asia Aviation Corporation" will be dispatched to Nanking from Germany at the end of the month by the Hamburg-American Line. A report to this effect has been received at the Ministry of Communications from the Shuang Tsing, Counsellor to the Ministry, who has been making the necessary arrangements at Berlin.

The Corporation has decided upon the operation of the Nanking-Peking section of the proposed air line soon after the arrival of the aeroplanes. As they are expected to be here by January, 1931, it is hoped to start a regular service early next spring. Steps are now being taken for the construction of landing fields along the Nanking-Peking route.

KOWLOON WEDDING.

MR. F. S. W. SMITH—MISS E. EARL.

In the presence of a large gathering of friends of both bride and bridegroom, Mr. F. S. W. Smith of Messrs. Dodwell and Company was married on Saturday to Miss E. Earl of Lewisham, London, who recently arrived in the Colony. The wedding took place at St. Andrew's Church where the Rev. W. W. Rogers officiated.

A dress of white diamante was worn by the bride who carried a bouquet of white ginger lilies. The bridesmaids, Miss Anne Fowler and Miss Bessie Hirst, were dressed in medieval pattern gowns with lead-dresses to match.

Mr. J. Barnes was "best man." Friends of the couple were later received at Humphreys buildings where they drank the health of the bride and bridegroom. Later the couple left for Tynning, where the honeymoon will be spent. The bride's going away dress was of autumn brown tulle with a hat of Bangkok straw to match.

MISS JOYCE THORNHILL
MARRIED.PRETTY WEDDING AT
SOUTHSEA.

At St. Jude's Church, Southsea, on October 4, the wedding of Lieut. F. W. N. Bassett, R.N., son of the Rev. and Mrs. C. S. Bassett of Margaret Roothing Essex, to Miss Joyce McCuan Thornhill, daughter of Mr. and Mrs. Thornhill of Hong Kong, was solemnised.

The bride, who was given away by her uncle, Mr. V. McCuan Thornhill, of Kenya, wore a gown of ivory lace with a tulle veil. Her only ornaments were a diamond naval cross brooch, the gift of the bridegroom, and pearl necklaces and earrings, the gifts of her father and mother. She carried a bouquet of lilies.

The Misses Marce Nolan, Stella M. Bassett and Sheila Mackenzie were the bridesmaids, and they were in georgette dresses of pale shades of pink, mauve and blue, with hats of crinoline straw in beige and gloves to match.

Mrs. Thornhill was in a gown of black georgette with beige hand-made lace. She also wore a black coat with Kolinsky collar and cuffs, and a black hat, whilst she carried a bouquet of red roses. Mrs. Bassett was gowned in black silk with a fichu of grey.

As the happy couple left the church they passed beneath an archway of swords formed by the bridegroom's colleagues in the Senior Service. The reception was held at the Queen's Hotel, Southsea. The honeymoon was spent in Paris.

INTESTATE ESTATES.

It is notified in the *Gazette* that the following amounts, being balances of intestate estate, are in the hands of the Official Administrator, and if no claim thereto is received by the Official Administrator, and proved to his satisfaction, within a period of five years, the said balances will be transferred to the general revenue of this Colony subject to the provisions of the above Ordinance:—

THE PRIVACY OF THE PEAK.

Tucked away in the Supplement to the last issue of the *Government Gazette* are half a dozen words which may mean much or nothing. Details are given of a draft Bill for the repeal or amendment of certain Ordinances and other enactments, of which a list is given. Among these is the Peak District Reservation Ordinance of 1904, which is to be repealed. No explanation of this proposal is given beyond the general one appearing under the customary heading "Objects and Reasons." There we are told that it has been the practice to collect, in a Law Revision Ordinance, lists of Ordinances the provisions of which are regarded as no longer applicable to local conditions, or have been replaced by similar provisions in other Ordinances. Under which of these reasons the repeal of the Peak District Reservation Ordinance comes will be no doubt clearly stated when the draft Bill comes before the Legislative Council for debate.

Meanwhile, it is interesting to summarise the terms of the 1904 Ordinance which it is proposed to repeal for one or other of the reasons stated. First of all, the Peak District is defined as all that area situated above the 788 feet contour, and to the west of a line drawn in a north and south direction through Middle and Cemetery Gap, including Mount Cameron, Mount Gough, Mount Kellett and Victoria Peak. Within this area it is unlawful save in accordance with the provisions of the Ordinance for any owner, lessee, tenant, or occupier of any land or building to let such land or building for the purpose of residence by any but non-Chinese, or to permit any but non-Chinese to reside on or in such land or building. The Governor-in-Council, however, may exempt any Chinese from the operation of this Ordinance on such terms as are thought fit. Domestic servants, licensed chair and jinricksha coolies, labourers temporarily residing and actually employed in the district, inmates of hotels or hospitals, or visitors at the house of any resident in the district, are exempt from the provisions of this exclusion act which is shortly to be repealed—possibly because the more subtle and less offensive methods.

THE STOMACH-TAXERS.

DOROTHY EVANS wins the honours at the South Paddington election. For six years and two elections the Conservatives had held this seat without opposition of any kind. At the recent contest the Liberals did not trouble to put up a candidate, realising the hopelessness of the issue in such a constituency. The Labour Party, however, decided to make a fight, though also realising there was no prospect of victory, and Miss EVANS had the satisfaction of securing nearly eight thousand supporters in notoriously hostile territory. She also had great fun—so a Reuter cable says—watching the merry pantomime going on among her three Conservative rivals, one of whom, another woman, has had the humiliation of getting so small a poll that she forfeits the cash deposit which has to be made by every candidate for Parliamentary honours. This must have been a sad shock for Press Baron ROTHERMERE, who supported her candidature.

Mrs. STEWART-RICHARDSON quite naturally feels rather bad about the business, and complains of the "disgraceful" withdrawal of support from the cause of the United Empire party. Sir HERBERT LIDLIARD complains of being the victim "of the most intensive Press campaign of abuse and misrepresentation in any bye-election in England's political history." The gallant Admiral who won this merry battle gaily describes his victory as a great blow to the opponents of Empire Free-trade and the "wobblers" who are afraid to adopt it. The situation in South Paddington was amazing; for there were three Conservative candidates in the field. Mr. NEVILLE CHAMBERLAIN formally excommunicated Sir HERBERT LIDLIARD, but subsequently revoked this and gave him a benediction. The blessing came too late, and Sir HERBERT has only himself to thank for the unpleasant consequences. He is evidently of the weak-spined kind, and though at the outset he valiantly told the Empire Crusaders that he refused to enter Parliament with his hands tied, they soon found that he was squeezable, and kept up such pressure on him that at last he gave in and, promised to vote for the Crusaders' programme even if he defied the party Whips. One feels that with another turn or two of the screw he might have disowned Mr. BALDWIN altogether and thrown himself at Lord BEAVERBROOK's feet. The one element of satisfaction for the Conservative party was that their majority in the constituency was sufficiently large to preclude all risk of loss of the seat.

Now that the tumult and the shouting dies—or "cheers mingled with catcalls," as Reuter puts it—the question of interest is what does the result of the South Paddington election really indicate? That seventy-five per cent. of those who polled are in favour of a tariff on foodstuffs. Mr. BALDWIN himself has recently surrendered to the stomach-taxers, after carrying on a desperate but losing battle against the introduction of this very contentious issue into current politics. The Conservative leader is now definitely pledged—not to food taxes as such, but to "Imperial Preference," which is a less offensive label for the same quack medicine. If the Conservative party is successful at the next election it will "formulate its own proposals"—not Lord BEAVERBROOK's proposals, but the Conservative party's own plan for carrying "Imperial Preference" into effect. Put more plainly, this means that the next general election in Great Britain is to be fought on the issue of Free-trade or Protection—but it does not follow that what happens in South Paddington will happen all over the country.

Sir Eric Drummond, Secretary-General of the League of Nations, has issued a statement to the effect that in the course of his forthcoming trip to South America he will only be able to accept invitations from such States whose capitals lie on or near the seaboard. He will thus be unable to visit Bolivia and Paraguay. The visit is expected to strengthen the interest of the South American States and nations in the League.

An international band of white slave traffickers including five Poles, one German, and one Luxemburgian were arrested by the Lisbon police last week, when they were about to ship another human cargo to Rio de Janeiro.

The German Cabinet has decided to increase the import duties on wheat and barley to 25 and 30 Marks per unit respectively. The former duties were 18.50 and 15 Marks respectively. Following the example of the members of the Cabinet President von Hindenburg voluntarily gave up 20 per cent. of his salary as from November 1 instead of from April 1 next, as provided for in the Government's financial reform programme.

Another bit of old-time romance will die out soon for the Ministry of Posts has announced that October 31 will see the last horse-driven official mail-coach run on a German road. Everywhere save in some Alpine districts of Bavaria where mail-carrying is leased out to private contractors, the mail-coaches have been motorized.

The departure of the Hungarian Premier, Count Bethlen, for the Turkish capital has produced extensive comments from the Budapest Press. It is believed that the purpose of this visit is to negotiate a treaty of amity and to discuss ways and means for drawing closer economic relations between the two countries. It is also pointed out that recently Turkey has shown a growing interest and activity regarding Eastern Europe and especially the Balkan States, the neighbours of Hungary, which makes it advisable for Hungary to come to an early understanding with the Turkish statesmen.

Last week the Berlin police discovered and confiscated on the estate of a National Socialist landlord near Dortmund a secret depot of arms comprising 160 old army rifles and 7,000 rounds of ammunition.

Owners' and employees' representatives of the cotton industry in Manchester are now holding a conference with the Government. The Commission of Inquiry, having insisted in its report on the amalgamation of mills and their technical re-equipment, the Federation stated that the amalgamation would represent a grave danger for the industry, especially in view of the present trade depression. The Federation also criticised the financial policy of the government as being the main cause of this depression and one which which was retarding a revival of the industry.

Operating with new equipment, the Milwaukee Railroad announced that it has reduced the time required for crossing the American continent. Its crack train, the Olympian, will now begin to make the run between Seattle and Chicago in 58 hours.

That the recent conference of the Balkan States had been a failure and that the realization of the planned formation of a block of these states would have to be postponed for a much later date, was the gist of a speech made at Bucharest by the Foreign Minister, Mr. Mironescu before representatives of the Press. This came as somewhat of a surprise as what was published during the conference had, together with the ceremonial unrolling of the newly created "Balkan flag" and similar pronouncements, created the impression that there existed much greater unity among the representatives of the Balkan States than has now become apparent.

General Bergeur, upon his return to Madrid from Toledo, received the Ministers of the Interior and Labour, and later on declared that absolute peace and tranquillity were reigning all over the country.

The mystery surrounding the kidnapping of the former President of the Finnish Republic, Mr. Stahlberg, and his wife, who were carried away in a motor-car to the Finnish-Soviet border and who were left stranded, has been partly lifted by the arrest of two high officers of the Finnish army who, after a cross-examination lasting several hours, confessed to having ordered the abduction. What their reasons for this strange action were has not yet been revealed. The two men were immediately dismissed from the army and imprisoned.

The Tardieu Government had a bad electoral day on October 20 when according to the results published the parliamentary by-election at Marseilles gave the Socialist candidate a majority of 2,000 votes over the Government's candidate, while the 20th Ward of Paris also elected a Socialist. Furthermore the municipal election at Perpignan saw a complete victory of the Socialists and Radical-Socialists, not a single supporter of the government being elected.

Addressing a meeting of the American Engineering Association in New York, M. Georges Claude stated that he expected to produce 250,000 kilowatts from the installation at Santiago Bay, Cuba. German agricultural circles are elated at the fact that the Soviet Government's agricultural department has for the first time bought from German breeding farms 20,000 pigs destined for breeding purposes on Russian farms. JUDGE LINEBARGER'S
"FIRST DUTY."AMERICAN'S SOLICITUDE
FOR CHINA.

[REUTERS' AMERICAN SERVICE.]

SAN FRANCISCO, Oct. 31.
Judge Paul Linebarger, when informed by Reuter of Minister T. V. Soong's loan statement, said that his first duty in America was to obtain complete sovereignty for China as regards treaties. This was an essential foundation for all loans to China.

China must be recognised as a sovereign independent Power, free of all unequal treaties, before a loan of any kind was equitable. From the Chinese point of view, his duty, therefore, was to report to Nanking regarding the treaties and economic conditions affecting the Chinese Government.

So far as America and other countries were concerned, he said that the proposed silver loan might not be taken up by the National Government when the report on the treaties was received by them. He was merely their legal adviser, and not the Government's financial agent.

EMPIRE PARLIAMENTARY
ASSOCIATION.IMPERIAL CONFERENCE
ANYTHING BUT BARREN.

[THROUGH REUTER'S AGENCY.]

LONDON, Oct. 31.
Delegates to the Imperial Conference exchanged notes at a dinner in London of the Empire Parliamentary Association.

Mr. Ramsay MacDonald, Prime Minister, who presided, paid a tribute to the spirit in which the Conference was animated. He said that now the end appeared to be in sight they could congratulate themselves upon the fact that the Conference was anything but barren.

Mr. Scullin (Australia) said that he did not know what Imperial advantages would result from the Conference, but they had gained much from Conference contacts.

Mr. Bennett (Canada) said that the equality status conferred upon the Dominions in 1926 did not mean that they had secured a licence to terminate ties as quickly as possible.

General Hertzog (South Africa) devoted his speech to the British Government's native policy in Africa.

He declared that dominance of the white man's rule in South Africa would be essential if he were to retain his civilisation.

He urged the British Government to work in closer harmony with South Africa in determining the native policy in other parts of Africa.

JAPANESE ATTACK

TOKYO, Oct. 31.

Eighteen aborigines are reported to have been killed during the fighting, while two Japanese police were wounded.

An aeroplane bombed and destroyed a hanging bridge in the rear of the enemy, thereby impeding their withdrawal.

UNEMPLOYMENT IN U.S.A.

OFFICIAL CIRCLES
FLUTTERED.

[REUTERS' AMERICAN SERVICE.]

WASHINGTON, Oct. 31.
Unemployment is rather a sore subject here, and Mr. Ramsay MacDonald's statement in the House of Commons that the unemployed in the United States really amounted to 10,000,000, or 12,000,000 has fluttered official circles.

Statistical experts are of the opinion that the British and American systems of calculating their unemployed produce much the same results, and contend that even if the temporary unemployed were included, the American figures would not exceed 5,000,000 or 6,000,000. Enumerators in the United States make house to house calls to count the unemployed, whereas the unemployed are registered at the Labour Exchanges in Great Britain.

BRAZIL'S NEW PRESIDENT.

SENIOR VARGAS RECEIVES
ENTHUSIASTIC WELCOME.

[REUTERS' AMERICAN SERVICE.]

NEW YORK, Oct. 31.
A message from Rio de Janeiro states that Senor Vargas has arrived and will assume the Presidency.

He was very enthusiastically welcomed by the populace.
(The Government Junta, by wireless, invited Senor Getulio Vargas to assume the Presidency, as they have no pretensions to the future government.)

Senor Vargas was defeated as a Liberal candidate in the Presidential elections in the Spring. The defeat was resented in several States and the revolution has ever since been preparing.

Senor Vargas practically demanded the Presidency, declaring that the Junta joined the revolution at the last minute and is unsuitable to carry on the Government.

[REUTERS' AMERICAN SERVICE.]

KYANES (Ill.), Oct. 31.
Two men have been arrested in connection with the kidnapping of Mr. Karl Yocum, the banker.

The affair seems to be a mystery, the family having declined police help.

They are alleged to have paid \$50,000 ransom, after which Mr. Yocum walked home.

The story is now current that Mrs. Yocum, after whitening down the demand for ransom to \$10,000, outwitted the gangsters by sending a package containing a wooden block by which the Chinese gangster was double-crossed is not explained.

CORONATION OF
RAS TAFARI.SCENES OF BARBARIC
SPLENDOR.

[THROUGH REUTER'S AGENCY.]

ADDIS ABABA, Nov. 2.
Ras Tafari was crowned King of Kings, Emperor of Ethiopia, amid scenes of barbaric splendour.

The coronation ceremony was performed in a specially constructed church, the walls of which did not reach the roof so as to enable the people outside to watch the proceedings.

The Emperor, who is slightly built and wears a black beard, proceeded magnificently attired from the palace to the church in the coronation coach, which was formerly owned by the ex-Kaiser, drawn by six Abyssinian cream horses.

The service consisted of the recital of prayers (the Abyssinian religion is a primitive form of Christianity), after which the Archbishop crowned the Emperor.

The religious ceremony at the adjacent St. George's Cathedral followed, after which the Emperor returned to the palace, where he received the congratulations of the foreign Missions.

The festivities included the unveiling of a statue of the Emperor Menelik, at which the band of the British warship Effingham played the Abyssinian National Anthem, and also played during the Cathedral service.

Royal Gifts for Emperor of
Abyssinia.

ADDIS ABABA, Oct. 31.

The Duke of Gloucester had a formal audience of the Emperor to-day and presented a gold sceptre to Ras Tafari and an ivory sceptre to the Empress, on behalf of King George.

His Royal Highness also presented the Emperor with the insignia and chain of the Victorian Order, and made a speech offering His Majesty's congratulations at the accession of Ras Tafari, and wishing him a long and prosperous reign.

The Emperor and Empress were seated on golden thrones, dressed in Abyssinian style, beneath a canopy surmounted by the crown of Judah.

EMPIRE CONFERENCE

DELEGATES EAGER FOR
COMPLETION.

[BRITISH WIRELESS SERVICE.]

RUGBY, Oct. 31.
The heads of the delegations to the Imperial Conference had two meetings to-day at which inter-Imperial constitutional questions were considered.

Report of Inter-Imperial Relations
Committee.

At the morning meeting they had before them the report of the Drafting Committee of Lord Sankey's Inter-Imperial Relations Committee, which had had insufficient time to review and put the draft report into final form for to-day's meeting of the heads.

The sections drafted were therefore sent on for the information of the heads of the delegations, accompanied by a request for further time for their consideration by the Sankey Committee.

Speeding Up Business.

Discussion, however, showed that the overseas delegates are eager to complete the work on the Conference as early as possible, and General Hertzog had provisionally booked his passage to South Africa for next Friday. In view of the amount of work that still remains, he has postponed his sailing, but the heads of the delegations considered means by which the business could be speeded up.

At the close of this afternoon's meeting of the heads it was announced that consideration of the report of the sub-committee of the Sankey Committee was continued. Some sections were referred back to the Main Committee for completion of their consideration. Other sections were reserved for immediate consideration by the heads, who will meet again on Monday morning.

The most important section of the draft report which has been referred back for the Committee's consideration deals with the recommendations on last year's report on the operation of Dominion legislation. The sections reserved for immediate consideration by the heads include those dealing with the proposed Commonwealth tribunal, channels of communication between the Dominions, and foreign Powers, the Merchant Shipping Acts, nationality, the system of communication and consultation between different parts of the Empire in relation to foreign affairs, the form of commercial treaties, and questions affecting Government-General.

It is hoped that by this division of work considerable time will be saved.

Committees Make Good Progress.

The other Committees of the Conference continue to make good progress with their reports.

The terms of the report of the Arbitration and Disarmament Committee were settled to-day, and it has gone forward to the heads of the delegations.

The General Economic Committee, to which some 10 questions were referred, have completed several reports. One of these questions is that of what steps might be taken to reduce the Empire's dependence on foreign sources of supply of petrol. Three lines upon which they might proceed have been considered—first, a larger proportion of Empire requirements might be refined within the Empire; secondly, increased production of oil from coal; thirdly, development of geophysical methods of prospecting for minerals and oil deposits.

NATIVE PROBLEM IN
AFRICA.WHITE MAN'S RULE
ESSENTIAL.

[BRITISH WIRELESS SERVICE.]

RUGBY, Nov. 1.
General Hertzog, South Africa Premier, speaking in London last night, urged more co-operation between the British and South African Governments in dealing with native problems in Africa.

He recalled that recently he supported his South African colleague, who expressed the view that the British Government when dealing with matters of native policy in Africa should not without consulting the Government of Union introduce any new principle or change of policy which might affect the position in South Africa. He disclaimed any intention of interference in matters concerning Great Britain, and added: "We do not ask that we shall be allowed to assist you in governing East Africa. That is your business. But what we do think we are entitled to is that as one of your partners in the Commonwealth you and we should work hand in hand consulting one another as to how to proceed in our discussions respecting these problems so that our policies may be mutually helpful."

A policy of paramountcy of native interests in Eastern Africa was almost eventually to have a very disturbing effect in South Africa. Supremacy of the white man's rule in South Africa was essential if he was to retain either his birthright or his civilization. A policy of paramountcy of native interests and equal rights doctrine were alike impossible of application where the white man had established his home in Africa for himself and those who followed him. Nothing would so alienate the white man's affection and good will towards the native as anxiety caused by any thought of domination by native rule.

FOREIGN CREDITS FOR
GERMANY.TO IMPROVE ECONOMIC
SITUATION.

[BRITISH WIRELESS SERVICE.]

PARIS, Oct. 26.—Referring to current rumours according to which the American Government would be willing to allow certain time extensions to its war debtors, the Temps in a financial article, states its belief that among the most efficacious means of improving the economic situation of Germany would be the authorization of foreign credits.

"One is at liberty to believe," continues the article, "that in the mind of the bankers who just have accorded to Germany the \$312,000,000 transition loan, one of the aims is to prevent the Reich Government from suspending its transfers."

"The New York financiers may also be governed by the idea, that such an assistance, renewed if necessary, would obviate the necessity of a long term moratorium, which in turn would influence the American public opinion, rendered more enlightened by the lesson of the crisis, to arrive at an understanding of the economic solidarity which exists between Europe and America, and thus become more amenable to admit the principles of a revision of the war debts."

"This does not seem to be utterly impossible but, at the same time, it is a matter of only a distant future, the realization of which depends on a number of uncertain factors, of which the evolution of the United States policy is one of the most important. It is therefore too early yet to discuss this matter," concludes the article.

The guests underwent exciting experiences on board the warship Nelson, which, escorted by flying boats, passed through a minefield and lent off submarines with the aid of destroyers with depth charges. They experienced acrobatics only 50 feet overhead, and heard the powerful booming of the 16-inch guns in the course of a mock battle.

RUGBY, Nov. 1.
The delegates to the Imperial Conference and to the forthcoming Indian Round Table Conference visited the Atlantic Fleet to-day.

They embarked at Weymouth, accompanied by the First Lord of Admiralty, Mr. Alexander, and the First and Second Sea Lords, and went to sea in H.M.S. Nelson, which flies the flag of Sir Michael Hodges, Commander-in-Chief of the Atlantic Fleet.

An impressive programme showing the different arms of the fleet at their special work had been arranged.

ELECTIONS IN AUSTRIA.

TEN PARTIES TO FACE
ELECTORS.

[BRITISH WIRELESS SERVICE.]

VIENNA, Oct. 26.—Ten parties will face the electors on November 9 in the Austrian general elections to the Nationalrat, the second Chamber, which has altogether 168 seats, the 50 members of the upper Chamber, the Bundesrat, being representatives of the nine Federal States.

These parties are, according to an official statement issued to-day: The Christian-Social Party, the Heimwehr (Home-Defence) bloc, the National Economic bloc and the Agrarians, the Democratic Middle-class Party, the National Socialists, the Communists, the Social Democrats, the Austrian People's Party, the Jewish Party and the Monarchists. It is generally expected that the Social Democrats will lose three or four seats out in the House. Much interest is shown regarding the question whether the National Socialists will be able to emulate the election success of their brethren in Germany.

The last Nationalrat comprised 52 deputies of the Christian-Social Party, 71 Social Democrats, 12 of the Pan-German People's Party and 9 Agrarians.

WHISKY AS AID TO
DOCTORS.HOSPITAL ASSOCIATION'S
ATTITUDE.

[UNITED PRESS.]

NEW ORLEANS, Oct. 24.—A resolution adopted by the American Hospital Association here to-day declared that the Government should be more lenient than heretofore in the granting of whisky permits to physicians.

The Association criticized the Department of Justice for its method of granting permits.

Dr. Paul Fessler of the University of Minnesota, Hospital said that the nation's annual sickness bill amounts to a total of \$810,000,000. It was the view of the association that whisky plays an important part in treatment, and that the present attitude of suspicion which restricts granting of permits causes a grave difficulty to the reputable physician in the performance of his professional duties.

Among those arrested are one department chief of the Foreign Office, two archivists of the Ministry of Foreign Affairs, one high official of the Ministry of War, one photographer of the military air service, one major and three soldiers of the military intelligence department and three couriers of the Foreign Office. More arrests are expected to follow shortly. R.101 DISASTER
INQUIRY.DRAMATIC DESCRIPTION
OF ESCAPE.

[THROUGH REUTER'S AGENCY.]

LONDON, Oct. 31.
Giving evidence at the R.101 inquiry, a survivor, Engineer Cook, said that the engine of which he had charge was running normally. He noticed nothing abnormal except that the gas bags were "surging about" more than usual. The airship took a slight dive after two o'clock in the morning, and the order was then given to slow down the engines. The airship then dived much more steeply, and he looked out of the window.

The airship struck the ground and he stopped the engine. The second crash came, followed by an explosion.

Trapped in Blazing Car.

Cook gave a very dramatic description of how he was trapped in the blazing car. He pushed away a burning girder and escaped with burnt hands.

Cook stated that the airship several times flew very low just above the waves of the Channel, then climbed again. He was on the trial flight of the R.101 and did not notice anything wrong.

Another survivor, Leech, gave evidence that after the impact the lights went out. There was a flash of flame, apparently above the control tower.

Counsel asked: "You heard people screaming?"

Leech replied that he would rather not refer to that, and Sir John Simon interposed, saying that there was no need to do so.

"We Are Down."

Electrician Dingley, replying to Sir John Simon, affirmed that it was before the final dip that the coxswain came and said: "We are down." Sir John Simon remarked that if that were correct, it followed that the people in the control tower knew there was something very much the matter before the final dip began.

The inquiry was adjourned until Monday.

SOUTH CHINA HEADS SENIOR DIVISION CHAMPIONSHIP TABLE.

ARGYLLS SCORE SIX GOALS AGAINST ST. JOSEPH'S.

EASTERN HEADS SECOND DIVISION TABLE ON GOAL AVERAGE.

By virtue of their win over the Police, South China now occupies pride of place in the senior division with the Argylls, who scored six goals against St. Joseph's, in close attendance. The Club disappointed their supporters by going down heavily to the Somersets after a promising start, while owing to the Chung Yang festival, Chinese Athletics were unable to place teams on the fields. It is understood that they had already applied for postponements but we have been informed that the matter will be taken up by the parent body.

Eastern defeated the Navy by four goals to one, while the Somersets were also successful and still remain at the head of the table with Eastern.

Ewo beat the Royal Engineers and advance to second place in the Third Division and the Somersets, by virtue of their victory over South China, are in a good position at the head of the table.

SOMERSETS TOP THIRD DIVISION.

DIVISION I.

SOUTH CHINA v. POLICE.

Converting only one of the two penalties which were awarded them in the game with South China, Police Recreation Club were beaten by the odd goal in five. The teams were:—

South China: Pau Ka Ping; Li Tin Sang, Tann Kong Pak; Leung Wing Chiu, Wong Mee Shun, Tong Kwan; Ip Pak Wah, Chan Yu Tin, Fung King Cheung, Chu Kwok Luh, Cheng Siu Hong.

Police: Clarke, Perkins, Oram; Brittain, McGreary, Shepherd; Pile, Cornwall, Fraser, Thorp, Brown.

The Police were early pressing but a corner kick which was well placed was not taken full advantage of. Then South China took a turn of raiding the Police goal, but after saving many difficult shots, Clarke was beaten by Fung King Cheung. This was followed by another goal a few minutes later, Ip Pak Wah scoring this time.

The First Penalty.

The police then took the ball into South China's half, and after a scramble, they were awarded a penalty, but the spot kick was well saved. The leather was taken over to the Police territory when a fine movement gave Ip Pak Wah possession of the ball. This player slammed the sphere into the net, to put his side three up. Half-time arrived with the ball in mid-field.

On resumption the police pressed hard and Ewo called upon to save a very difficult shot. This he did but a few minutes later the second penalty kick against them was taken by McGreary, who did not give him any chance. Spurred on by this success, the Police again scored through Fraser. From this stage onwards both teams tried hard to put in further goals, but the final whistle arrived with the score: South China, 3; Police, 2.

ARGYLLS v. ST. JOSEPH'S.

This game took place before a poor crowd at King's Park and resulted in an easy win for the Highlanders by six goals to two.

St. Joseph's started one man short and soon their goalie was called upon to clear. The soldiers continued pressing and for a while Macgowan held the fort well but Yeoman eventually beat him with a shot which left him standing. For a while St. Joseph's took up the attack (they now had a complete team) but soon the ball was taken into their half again. With a put in from Yeoman, the Highlanders scored and this was followed by another from Hay, but half-time arrived with no further score.

The Second Half.

Almost immediately after the restart, Hughes put the ball into the net but he was ruled off-side. Some midfield play followed. A corner kick against St. Joseph's resulted in the fourth goal for the Argylls through Melville, and a minute later, Hay added the fifth one. A free kick against the Highlanders was easily cleared but a little later Leonard broke through to beat Gardiner with a good drive. The same player added another goal shortly after, but, nothing daunted, the soldiers put in their sixth and just goal just before the final whistle sounded, thus winning by six goals to two.

The teams were:—
Argylls: Gardiner; Smiles, Henderson; Melville, McGlashan, Yeoman; Christie, Whyte, Hay, Campbell, Hughes.

St. Joseph's: MacGowan; Hyder, Gomes; Skinner, Victor, Robert; Goodman, Leonard, Lim Ngai-yoon, Turvey, Fernandes.

CLUB v. SOMERSETS.

After their convincing display against the Argylls, much was expected of the Club, but they disappointed and were beaten by Somersets by six goals to one. The teams lined-up as under:—

Somersets: Verrier; Early, Hewish; Troth, West, Harris; Hayson, Baker, Knapp, Bowley-Bull, Butcher.

Club: Rodger; Bishop, Strange; McBride, Stewart, Andy Duncan; G. Duncan, Bell, Goldman, Segalen, Wallington.

The Club started off very well, and much to the delight of their supporters, Goldman put them one up with a nice shot after five minutes play. This success spurred them on and although their goal was raided, nothing resulted till about after half-an-hour's play when Knapp scored with a beauty. A

penalty against McBride for tripping gave the S.C.I. their second goal, but half-time arrived with no further score.

In the second half the Club fell to pieces, and after a promising start by them, Baker put in the third goal for the soldiers. This player added another with a long shot which had the Club goalies completely guessing.

The Club had many openings to score but all were blocked by the Somersets' goalkeepers. Shortly before the end goals by Bowley-Bull and Knapp brought the score to:—S.C.I., 6; Club, 1.

DIVISION II.

EASTERN v. NAVY.

The Royal Navy, who previously had the honour of being the only second division team undefeated, had their colours lowered on Saturday, when they were defeated by Eastern on the latter's ground by four goals to one.

The game started with both teams playing hard, and it looked as if it was going to be a close game. After twenty minutes play, however, the Navy fell off, and Eastern, taking advantage of this, made a good forward movement and Sabban, who was in good form, made a masterly solo effort by dribbling past the Navy's defence and sent in a hard shot that completely beat the goalkeeper.

In the second half, play began a little rough, but Eastern continued pressing and scored their fourth goal. After this the Navy had the better of the play but were terribly weak in the forward line, missing two easy chances.

The game throughout was of a first League standard, and Sabban was the outstanding player, scoring all the four goals for Eastern. The Navy scored their solitary goal through a penalty.

Eastern: Silva; Sze To Hoi, Lai Ting Choi; Ng Ying Ki, Siu Ping Shun, Lau Kwok Lu; Chan Liu Sang, Sabban, Ng York Hon, Mak Siu Hon, Lee Bing Tong.
Navy: Savages, Noonan, Robinson; Mollitt, Hobbs, Davies; Lowdon, Scorer, Toomey, Timberlake, Parsons.
Referee: Mr. Mose.

UNIVERSITY v. ST. JOSEPH'S.

Playing on the Athletic ground, the University defeated St. Joseph's by two clear goals. Play in the first half was fairly even with the University slightly better. Both teams made several attacks on their opponents, goal but faulty shooting of the forwards made them fruitless.

In the second half, the University settled down and scored through the Saints' goalie misjudging a centre. After this, the College boys fell off and the second goal for the University came through a free-kick by the goalkeeper.

St. Joseph's: Rocha; Ramon, Aycock, Bautista, K. M. Omar, McGrann; Ali, Souza, Harroon, Gomez, Omar.

University: Oppenheim; Harrison, Y. K. Ng; S. Reed, S. L. Wong, K. S. Low; T. Y. Ong, Candish, C. K. Tan, P. P. Kho, K. Y. Lee.
Referee: Mr. Lawrence.

RECREIO v. KOWLOON.

The Club de Recreio met their neighbouring club on their own ground and played a fairly even game which ended in a draw—one goal all. Kowloon was the first to attack, and when a certain goal was in sight, Bickford and Moss missed badly. Recreio then had the better of exchanges and Goncalves sent in a low shot that completely beat the Kowloon goalie.

On the resumption, Kowloon looked dangerous for a time and went near to scoring. However, after ten minutes' play they were successful through Sparry, who scored from a rebound.

Recreio: Lawrence; Britto, Costa; K. Lawrance, Figueiredo, Marques; Goncalves, Silva, Sousa, J. Santos, F. Santos.

Kowloon: Gurevitch; Guest, Haas; Smith, Simpson, Everest; Moss, Davies, Sparry, Cotton, Bickford.

SOMERSETS v. SOUTH CHINA.

In a keen and interesting game played at Sookunpoo, the Somersets beat South China by two goals to nil. Play in the first half was fairly even with Somersets slightly the better. Both goals were attacked in turn and several good chances were missed by both sides. Ley-shon opened the scoring for the soldiers with an easy shot and after midfield play in which the Somersets' forwards executed some nice movements, Denmead added another. On the whole the soldiers gained their points by sheer hard work.

Teams were:—
Somersets: Hall; Green, Fothergill; Savinar, Cornelius, Legg; Kearie, Guest, Denmead, Leyshon, Chaslett.

South China: Tsai Kai Hing; Lau Kau, Chung Tai Lum; Yan Wah, Ling, To, Hing, Cheung, Kwok, Choi, Wong, King, Chung, Cheuk Shuk Chau, Wu Yin Tung, Ip Tun Sun, Kwok Hon Wah.

NEW GOLF COURSE AT FANLING.

SIR WILLIAM PEEL WINS FIRST MATCH.

DON MOE IN FOURBALL GAME.

The new course at Fanling was opened yesterday, and the first match played on it was between His Excellency the Governor, Sir William Peel, K.B.E., C.M.G., and Rear-Admiral R. A. S. Hill, C.B.E. Sir William Peel after a great struggle won the match by a hole.

Other games played included a match between the Governor's side and the Captain's side. This match resulted in a win for the Governor's side. The teams were as follows: Governor's side: Sir William Peel, Mr. A. B. Stewart, Hon. Mr. E. R. Hallifax, Mr. A. H. Ferguson and Mr. E. Davidson.

Captain's side: Rear-Admiral R. A. S. Hill, Mr. G. S. Archbutt, Mr. L. S. Greenhill, Mr. O. E. C. Marton and Mr. N. L. Smith.

Fourball Match.

In a fourball match played on the new course Don Moe and Ferguson beat Marton and Stewart by 4 and 2.

A big crowd followed the progress of the game, and at times some very good golf was seen, although there were occasions when the play was merely indifferent.

Owing to the recent rains, the ground was not easy to play on. All four players won holes at various times, but the deciding factor was Moe's win at the tenth and eleventh and Ferguson's success at the fifteenth and sixteenth.

The day was an ideal one for golf, and the drop in the temperature yesterday proved very welcome at Fanling.

DIVISION III.

EWO v. R.E.

The Royal Engineers, who were leaders of the League, were surprised by Ewo when they accounted for them by three goals to one.

Ewo attacked from the commencement, and with some good dribbling, opened their scoring with a good shot. R.E. then attacked consistently, and their efforts were rewarded when Waldron equalised. They continued pressing but weakness in their forward line prevented them scoring on several occasions. Ewo then forced the play and ten minutes before the end added two more goals.

R.E.: Brewer; Jopling, Menan; Grosvener, Morgan, Fretwell; Leslie, Dolling, Hinbury, Waldron, Davis.

Ewo: Lau Hing Cheung; Chan Mok Seng, Wong Ip Yu, Lai Tak Cheung, To Ho Ching, Wong Wah Min; Ho Yau Tim, Chan Yen Tai, Kan Sik Wai, Au Ping Wing, Ip Hon Tai.
Referee: Cpl. Dimond.

R.A.S.C. v. FUKIEN.

At the Stadium, the R.A.S.C. team met the Fukien Club players and lost by seven goals to two. The Fukien forwards were in splendid form and converted almost every opportunity that came their way. Chan Tay Kon (2), Leung Chi Keung (2), Wai Tak Kwong and Cheung Koon Seng (2) were the goal scorers for Fukien Club.

Fukien: Fong Shui Koo; Ma Ping Chong, Tsang Kay Kui; How Sun Chi, Ma Ping Tong, Wong Ten Chu; Choy Wa Sang, Cheung Koon Seng, Gan Tay Kon, Leung Chi Keung, Wai Tak Kwong.

R.A.S.C.: Garrot; Fummiel, Breman; Crang, Hamer, Lewis; Cole, Ainalis, Andrews, McCullough, Boyle.

THE CLOCK SAVES HONG KONG CRICKET CLUB FROM DEFEAT.

INDIAN RECREATION CLUB SECONDS TAKE FULL POINTS FROM LAST SEASON'S CHAMPIONS.

BRILLIANT CENTURY BY SAYER; WILSON PERFORMS THE "HAT-TRICK."

Ideal weather conditions favoured the cricketers over the weekend and the principal game of the afternoon—H.K.C.C. v. I.R.C.—ended in a draw.

At one stage it looked as if the Club would win but the Indians made a marvellous recovery with a ninth-wicket partnership which realised 96 runs. From this stage the Club had to fight tooth and nail to avert defeat, and eventually the clock robbed the Indians of two valuable points.

The two junior elevens of the Clubs met at Sookunpoo and here, too, the clock almost gave the Club a point but a brilliant catch gave the Indians their third consecutive win of the season. They are now going strong in the Championship table and should finish the season very near the top. Recreation and Kowloon had no difficulty in gaining full points over the Royal Signals and R.A.S.C., respectively.

G. R. Sayer knocked up a century in the C.S.C.C. Navy match and in the same game, Wilson, of the former team, performed the "hat-trick," while Craigengower did well to beat K.C.C. by nine wickets at Happy Valley.

CRAIGENGOWER C.C. TROUNCE KOWLOON BADLY.

EXCITING GAME ON CLUB GROUND.

Home Team Lucky to Share Points.

The very large number of supporters of the Hong Kong Cricket Club and the Indian Recreation Club were provided with plenty of thrills when they turned out to watch these teams engage in their league encounters which eventually ended in a draw.

The home skipper won the toss and put the Indians in. Wickets fell with clock-like regularity, and with eight men out for 71 runs, it looked all over for the I.R.C. It was at this point that the Sookunpoo men raised the hopes of their supporters, for playing careful cricket, O. Imani and A. K. Minu made a brilliant recovery with an excellent ninth-wicket partnership for 96 runs, thus enabling the I.R.C. skipper to declare at 180 for 9 wickets. Imani was not out with 45, while Minu passed the half-century mark by four. Beck, who took seven wickets for 49 runs, was mainly responsible for the failure of the earlier I.R.C. batsmen.

Faced with this total, the Hong Kong Cricket Club were fortunate indeed in bringing off a draw. More was their top-scorer with 42, but before he had made anything, a chance from him was not accepted. Then again he had another life in the twenties, and altogether several chances by the different batsmen went begging. F. D. Pereira, the I.R.C. fast bowler, got 3 wickets for 18 runs. He was unfortunate in that three catches off him were not accepted.

SAYER IN FORM WITH THE BAT.

Hits Up Fine Century Against The Navy.

Features of the Civil Service Navy game at Happy Valley were, first of all a brilliant century by G. R. Sayer who retired after putting together 105 runs, and then a hat-trick by Wilson—both of the C.S.C.C. team.

Thanks to Sayer's fine knock, the home team were able to declare at 236 runs for 3 wickets. Barrow made 40, de Rome 42 and Richardson 30 not out.

The sailors were all out for 70 runs. Randall was top-scorer with 26 while Hawkins made 21. Wilson, who was put on to bowl rather late, took 4 wickets for 1 run, performing the hat-trick in the bargain!

The scores were:—

CHAMPIONS BEATEN BY CRAIGENGOWER.

Consistent Batting By Happy Valley Team.

Kowloon Cricket Club—last season's champions—journeyed to Happy Valley where they were badly beaten by Craigengower Cricket Club by the margin of nine wickets.

Kowloon batted first, but apart from Willie Hung scoring 30 and F. Zimmermann 41 not out, their batsmen failed against some good bowling. S. V. Gittins took 3 for 17 and R. Lee 4 for 38 for the C.C.C.

Opening the innings for the home team, H. P. Lin (48, not out) and S. V. Gittins (46) gave them an excellent start. Then E. Zimmermann made 35 against some tired bowling.

The scores were:—

K.C.C. (for 1 wicket) 133

C.C.C. (for 1 wicket) 139

NEW YORK STOCK EXCHANGE.

FURTHER WIDE DECLINES.

HARVESTER COMPANIES NOW AFFECTED.

[UNITED PRESS.]

New York, October 25.—A sharp break in J.I. Case, which fell 1 1/2 points to close at 11 1/4, brought a wide decline on the New York Stock Exchange to-day among other harvester companies and also mail order houses, says the daily review of the Dow Jones Financial News Agency.

International Harvester closed off 3 1/4 to 50 1/2. Montgomery Ward closed off 7/8 to 19 1/2. Sears Roebuck closed off 5/8 to 5 1/4. Montgomery Ward had slumped to 20 1/2 yesterday from 22 1/2 the day before.

This influence brought the market to below the previous close in many other issues. Pressure had been renewed upon Montgomery Ward because of disappointment over elimination of the regular dividend, and Sears Roebuck declined in sympathy.

Rail Earnings Down.

Rail earnings were reported to be down 15.4 per cent. as compared with the previous September, but they increased 8.1 per cent. over August, which stented the rails and they were off but 2 1/4 to 113.51, for the session. New York Central closed down 3/4 to 130 1/2; Pennsylvania was unchanged at 98 1/2; Erie rose 1/4 to close at 30 1/2; B. & O. was up a half to 82 1/2; Canadian Pacific declined a quarter to 42 1/2; Rock Island was off a quarter to 7 1/4; and Union Pacific was off 1/4 to 106 1/2.

Industrials Lower.

The Dow Jones average for 30 industrials showed a decline of 1.75 to 193.34. U.S. Steel rose 5/8 to close at 15 1/2; Bethlehem was unchanged at 7 1/2; Ludlum was up a quarter to 16 1/2; American Rolling Mill was up 1/4 to 38 1/2; and American Waterworks was off 1/4 to 75 1/2. Eastman was off three points to 189. Westinghouse was up 3/4 to 108 1/2 and General Electric was off 3/4 to 63 1/2.

Utilities showed a slight rise, of .03, with the average for 20 issues standing at 102.47. American Tel. & Tel. was off 1/4 to 108 1/2, and International Tel. & Tel. was off 1/2 to 30 1/2. Radio Corporation was off 3/8 to 22 1/2. Columbia Gas declined 5/8 to 44 1/2; Consolidated Gas was off an eighth to 98 1/2; Standard Gas was off 1/4 to 75 1/2; and Southern California Edison rose a point to 51.

Anacosta Copper was off a half to 34 1/2, with Kennecott off 3/4 to 25 1/2, and American Smelting off a half to 54. General Motors closed off 3/4 to 30 1/2; Packard was off an eighth to 9 1/2; and Chrysler was unchanged at 17 1/2. General Aviation held at 9 1/2, but United Aircraft was off a half to 35 1/2. Warner Bros. Pictures was down a quarter to 20 1/2; Fox Film "A" was off a half to 38 1/2, and Paramount Pictures was unchanged at 40 1/2.

Sales for the half-day session totalled 1,152,200 shares.

HONG KONG TRADE.

WOOLLEN PRICES ADVANCE.

The fortnight report of the Hong Kong General Chamber of Commerce contains the following:—

Cotton Piece Goods and Fancy Cotton Goods.

The following reports have been received:—

Our market has ruled rather quiet and transactions concluded have been confined to narrow dimensions. Enquiries for dyed goods, ex-stock, are maintained, and rates now offered by dealers are not very wide of those which would find acceptance. Cotton values have appreciated and Liverpool telegrams of October 30, quoted 6 1/2 for Mid Am. Spot, and 10 1/4 for Ex. Sakel.

Another report states:—

Business has been done in white shirtings and miscellaneous lines of cotton fabrics. Manchester prices are reported to be hardening in sympathy with the advance in raw cotton rates. Clearances of white shirtings have been slightly better and a few replacements are said to have been settled.

Woolens.

Some business is reported to have been done in woolen rugs, scarlet blankets and small lots of meltons and serges. Further lines have also been settled in union gaberdines and black wool velvets. A few orders in hosiery yarns and double knitting yarns have also been arranged and Bradford prices are firmer.

Clearances of woolens continue to be good and local prices on certain lines have registered sharp advances.
